

COCHRAN

Highlander Package Hot-Water Boiler

ENERGY SOLUTIONS WORLDWIDE

The BIB Cochran Highlander is a compact, cost effective hot water boiler, built to BIB Cochran's high standards and featuring the low NOx, low noise combustion equipment as standard. Featuring a full wet back design for maximum efficiency, the compact design and small floor area taken by the boiler makes it ideal for a wide range of applications such as laundries, hotels and small to medium sized manufacturing.

Ratings:

From 293 kW to 2930 kW

(1.0x10⁶ BTU/hr to 10x10⁶ BTU/hr)

(or 252 10³kCal/hr to 2520 kCal/hr)

Standard Working Pressure:

4.5 BAR

Ratings below 293kW are available upon request

Working pressures up to 8 BAR are available upon request

Stainless Steel condensing economisers are available upon request

Design concept:

- 3-pass wetback reverse flame
- Complies with Gas Appliance Directive for boilers operating below 105 °C
- Products are CE marked
- Robust design and construction for long life
- Total package incorporates combustion equipment, control panel, all necessary valves and fittings

Quality:

- Procedures are third party audited to ISO 9001
- Pressure tested and inspected
- Compliance to EN303

Efficiencies:

- Typical 90% nett gas firing*
- Typical 91% nett oil firing*
- Complying with Efficiency of Hot Water Boilers directive

* Efficiencies based upon
N.C.V. of 34828 kJ/m³ (gas)
N.C.V. of 35863 kJ/l (oil)

Full range of support services available including:

- Turnkey boilerhouse supply
- Installation and project management
- International commissioning & maintenance service
- Full spares support

BIB COCHRAN : A LIFETIME SOLUTION
